### **Antique Tractor Pre-1960**

Superintendent: Don Sensabaugh 724-422-6637

Assistant Superintendent:

All tractors must be manufactured before 1960.

No tractor equipped with dual wheels, four-wheel drive, or chains permitted. Steel wheels and crawlers are encouraged if within year.

Weight will include driver. No weight or driver changes permitted after weigh-in. All weights will be of factory manufacture. No weight will interfere with hookup of sled. A minimum of 18 inches square shall be open around the drawbar.

All suitcase weights must be on a satisfactory bracket and be secured so that they are safe and do not rattle and flop around. All round wheel weights shall be bolted into place and can only be used on the axle and wheels, unless they are secured in a bracket. No loose or chained weights will be permitted. No weight can extend more than 12 inches past the trailing edge of the rear tires. Any weights that by the discretion of the judge are unsafe or unsecured will be removed or the tractor will not be permitted to compete. Place suitcase weights where suitcase weights go and round weights where round weights go.

Tractors can only be entered in TWO (2) CLASSES, once in each CLASS.

Sign in and scales open at 8 am. Start time is 9 am.

Each hook is \$10.00.

Must be signed in before you class starts.

### **NO REFUNDS**

An insurance Release Form must be signed before pulling onto the scales.

Drawbar height will be a maximum of 18 inches from the ground. This will be checked on the scales. We reserve the right to re-weigh your tractor and/or check hitch height at any time.

Pulling rings will be accepted. Must have two bolts no less than ½" diameter. If there is, no ring a pin and clevis should be used. If there is not one, then one will be provided maximum tire size: 3000lb – 6500lb classes 15.5-38 and under.

If anything falls off the tractor it will automatically disqualify that tractor from the contest.

Any questions or problems that arise will be handed by pulling Superintendent.
